

The Boston Bee² Party, where Revolutions are Revered.

Hear Ye! Hear Ye! deafies, whirling dervishes and Frisbee Freaks! This is to proclaim the coming to disorder of the FRIZ-Bee-centennial, located in Friz-land (also known as Cambridge, Mass.) Per order of the Boston Frisbee Club, a large gathering from afar and near is invited to levitate their bods (and bodesses) to that Institute of Higher Earning, M.I.T. Court shall be in session the weekend of July 24 - 25 and efforts will be made to supress the lawlessness of errant flights. Drop your fears and bring your favorite Eastern Hemisphere (Frisbee is a registered T.M. etc.) to the longest distance tournament you'll probably travel to all year (unless you have Rosey outlooks for August).

The Eastern National Distance Championship: 60 series points and a trip to the Big Bowl for the winner's toils; lesstoils will earn fewer spoils with 58 pts for 2nd... 2 for 30th place.

Medley Distance: no series points, but a chance for John to beat Dave for once.

Dog Day Distance: also not a series event, but featuring the 1st annual Rufus Road Apple Award.

MTA - 30 series pts. for 1st, 29 for 2nd, etc.
TRC - 30 series pts. for 1st, 29 for 2nd, etc.
Accuracy - " " "
Pairs Freestyle - " " "
