THE EDITOR'S SPIN

When my eyes were opened to the sport of disc golf 3 years ago, little did I know just how much influence it would have on my life today. My first discs were the #2 Upshot and a Red Wolf mid range. I headed out to Burgess Park on Cape Cod with a couple of friends and we played our first round. The only negative thought in my mind after the round was "why didn't I discover this sport a long time ago?" Since that day, I've traveled to just about every course in Massachusetts and a few in Connecticut with imminent plans to check out courses in Maine, New Hampshire, Vermont, Rhode Island, New York and beyond. I look forward to seeing each new course with the same fervor and enthusiasm as a child going to a new amusement park

2006 has been a year of impressive regional growth for disc golf in New England. As each month passes, I hear of new course proposals (Devens, Tolland, Wompatuck, Tyngsboro) as well as significant improvements to existing courses (Borderland, Wickham, Tully Lake). Disc golf has also gained significant exposure in the national media. The USA Network had a terrific piece on disc golf during the airing of the U.S. PGA Open Tour with the sounds of Lenny Kravitz' "I Wanna Fly Away" playing in the background. Tim Gill (Disc Golf TV) gained a spot on ESPN2's morning talk show Cold Pizza where he gave a brief history of the sport, how the game is played and its potential for serious growth. Both pieces involved the use of a practice basket with live demonstrations. There was even a brief scene in the weekly television drama, "Numbers" that showed the main characters playing a round of disc golf.

With rapid growth comes an increased awareness as to where our sport is headed. Do we try to stick with the grass roots attitude and approach that made disc golf what it is today? or do we jump on the promotional bandwagon to help our sport increase its national (and international) exposure and appeal? Ideally, you'd want to have a combination of both: A grassroots, blue collar work ethic with an eye towards responsible growth in the future. It is not too difficult to imagine more courses becoming pay to play or implementing yearly membership programs in an effort to make it more economically viable for owners. As popularity rises, so too does the sheer number of players and this has to weigh heavy on the minds of private course owners and park officials who bear the primary responsibility for the welfare and stewardship of their land. Not all disc golf participants share the same attitude when it comes to responsible behavior and thus land owners and park officials must take this into account when planning to build a course.

From avid players to course owners, it is evident that we all share one common trait: An unfettered passion for our sport and this translates into smart and careful planning, detailed discussions and fantastic input from every conceivable angle. Rarely does an idea come along that isn't placed under the microscope and examined thoroughly for any flaws, defects or possible shortcomings. This analytical and critical system of input and feedback is crucial to the responsible growth of disc golf and I consider myself lucky to be a part of it.

See you out on the course!

The States of Disc Golf

New York / New Jersey NEFA News

By Bill Newman

Things are shaping up for an exciting and fun summer of disc golf in the southwestern corner of NEFA land. Wolfe Woods at Warwick is near completion. Some new energy, course de-

sign ideas and several workdays have the Skylands crew excited about the emergence of this new and long awaited addition to the world class Warwick complex. Dan Doyle reports the course is fun and challenging and a fitting tribute to our old buddy and all around disc golf nut Scott W. The FDR Fools Fest tourney is just completed; a full field of 90 was awed by Steve Brinster's course record 50 (-8) on his way to a PDGA "C" victory. Look for continued course improvements and Fall doubles at FDR.

The PDGA National tour makes its only stop in the northeast for the Skylands Classic at Warwick on July 22 &23. Look for well run and fun event featuring a field of top local, regional and national pro players. Get in touch with Dan Doyle to pre register or to sign up as a sponsor and/or volunteer. Skyland's side project Campgaw was redesigned for its winter/summer layouts, and will host its first PDGA event the, "Mighty Gaw" in May, with Scott Howard stepping up to run his first event. Morgan's Hyzer Creek course is up and running in the capitol area, a PDGA event was held there on April 15th. Volunteer opportunities are available at all the above courses. If you are interested in getting involved in taking care of our/your local courses or helping out at tournaments, feel free to get in touch. BEE WELL and see you on the fairway (hopefully).

For more info on our local events and courses, check out: http://www.nynjdiscgolf.com/

Connecticut NEFA News

By Ryan Brunelle

Spring has finally arrived and in CT-land and that only means one thing: Wick-ham Park in Manchester, CT. On April 1 Wickham Park reopened its fairways after what seemed like an eternity of denial. For those not in the know, Wickham Park yanks her baskets and closes her doors for the winter season. Cruel, yes, but as the

saying goes "absence makes the heart grow fonder". OK, that's a load a crap; let's try to make this a year round course.

In other news, Cranbury Park in Norwalk, CT has seen a much needed facelift over the past fall/winter. Local players have removed the controversial 8th and 9th holes (which were located on the dog walking paths) and have created two beautiful new holes in the adjacent woods. Alternate pin positions have been added to holes 1, 2, 3 and 7. Plans are in the works to purchase three more sleeves for alternate pin positions on 4, 5 and 6. All in all, the new changes have added approximately 800 feet to the course. Panthorn Park in Southington, CT has also seen a number of changes with the installation of new tees signs, benches and toe boards. Hero's Course in West Granby, CT continues to see major changes. Too many to list and by the time this goes to print, they will most likely have changed again. By the time all is said and done, Hero's will be yet another world class course in upstate CT.

The much anticipated disc golf course at the Cross Farms Recreational Complex in Tolland, CT has finally broken ground. The course, located minutes from the world class Wickham Park course, will further strengthen the ever exploding disc golf scene along the I-84 corridor. The first nine holes have been roughly cleared and baskets will hopefully be installed by late May.

By Ben Parker

Let's start out with a few congratulations, starting with Matt Alberghini who, as usual, gets the lion's share. Matt tied for 50th at the 2005 USDGC and improved his score every round throughout the tournament. All of his rounds were rated over 1000 and he was only one stroke back of Jay Reading and Walt Haney. Nice job Matt, keep up the great work. Kurt Waggoner also just grabbed his first taste of Pro cash at the FDR Fools Fest. Sampson had the hair; Kurt's power resides in his beard.

The biggest news from Vermont is the formation of the Green Mountain Disc Golf Club (GMDGC). Dave Frothingham, Jesse Wing, Pete Hess and I decided that it was time to get organized, so we started a non-profit group designed to promote disc golf in VT. Wait a minute...isn't that what NEFA does? Yes, without a doubt; however, this club was established to work on the local level to build courses and promote tournaments. We have already seen an increase in respect for the sport and its participants, as well as significantly improved communication with the town of Waterbury. IRS paperwork is a pain in the rump, but there is no doubt that the GMGDC will lead to more courses, more tournaments, as well as increased awareness and respect for our sport in Vermont. We look forward to working with disc golfers, NEFA, the PDGA, and towns all across the Green Mountain State.

On the 2006 tournament front, Vermont is poised to host two NEFA events for the first time. The GMDGC will be hosting the Sap Bucket Open – MS-DGC Qualifier, NEFA Double Points on Saturday, April 22, 2006 at Center Chains in Waterbury. Paul Olander will again be hosting Vermont States on Saturday, July 29, 2006. VT States will be our USDGC Qualifier and a NEFA Points event. It is great to see the sport continue to grow and I am aiming to continue to add more NEFA events to the schedule in 2007.

Last but not least, the GMDGC is actively working on proposals for more courses in Vermont. We have already made one proposal and we have several more sites that are in the works. Can you hear it? That is the sound of chains ringing all over Vermont.

Peace and nothing but love,

New England Flying disc Association

NEFA News: An Advertising Opportunity

NEFA News is the primary source of disc golf news, reviews and previews in New England Flying disc community.

400 NEFA News magazines are printed for each issue.
Approximately 300 are distributed to the NEFA membership.
And 100 are given to potential members and new players.

Your support of NEFA News will be greatly appreciated.

And you will reap wonderful monetary and karmatic rewards.

There is also an online PDF version which is available to everyone through the NEFA website homepage (NEFA.com).

All ads are black and white. Ad copy is due to steven@msdgc.com by May 15th.

NEFA Thank You's

Dear Friend,

01/31/06

Thank you for your gift of \$475.00 to the Christopher Reeve Foundation. Your support is truly appreciated and we hope you will be gratified to know that your gift has a direct effect on the lives of those living with paralysis.

Christopher taught us how much can be accomplished when you believe. Thank you for continuing to believe in CRF's mission and for moving us closer to a cure.

Sincerely,

Kathy Lewis, President and CEO Christopher Reeve Foundation

Dear Friend of the Red Cross.

February 1, 2006

Thank you for your gift of \$475.00 on January 26, 2006 to support our lifesaving work. We are always ready – 24 hour a day, seven days a week throughout the year. There will never be an end to our assistance – only a beginning. Our work is backed by the service of thousands of committed volunteers, who carry out our important mission, and the financial assistance of caring individuals like you.

Whether it's a hurricane, wildfire, flood, conflict situation or tragic terrorist attack, the Red Cross will be there to provide support. Thank you for supporting us.

Kind regards,

Napoleon Hendrix III Manager, Donor Relations American Red Cross

Jason,

January 18, 2006

Thank you so much for your contribution of \$475.00 to the Susan G. Komen Breast Cancer Foundation. Your support is vital in helping us work toward our goal of eradicating breast cancer as a life-threatening disease by advancing research, education, screening and treatment.

The Foundation's Award and Research Grant Program has been instrumental in funding revolutionary breast cancer research, leading to groundbreaking discoveries that improve the treatment of breast cancer and may even reduce the incidence of breast cancer in high-risk groups.

Again, I want to express my sincere appreciation for your generous donation and your belief in our mission. Because of your help, we are one step closer to finding a cure.

Sincerely,

LaSalle D. Leffall, Jr. M.D. Chairman of the Board The Susan G. Komen Breast Cancer Foundation

Dear Members of New England Flying Disc Association, January 18, 2006

Canines for Disabled Kids has received the donation you made in support of our program. The contribution of \$475.00, received on January 18, 2006, will make an important difference in the life of a child. This contribution goes a long way in helping to bring more of these special teams together.

Thank you for choosing to support Canines for Disabled Kids. We look forward to working with you in the future.

Sincerely,

Kristin Law Executive Director Canines for Disabled Kids Thank you so much for the donation to CDK from the Flying Disc Association. You are really helping CDK to place more children with assistance dogs. We have sponsored over 90 since 1998 and 13 so far this season! - Kristin

Dear NEFA,

June 13, 2006

Thank you for your donation towards my eagle project. Your donation was a greatly appreciated factor towards the completion of the course. Thank you very much.

- Scott Bockus

Dear NEFA,

June 26, 2006

Thank you for your recent donation of 50 discs to our school. I am a 5th and 6th grade teacher and disc golf advocate at Greenfield Center School. The Center School is a small, independent school in Western Massachusetts. Our mission is to provide students with a healthy balance of social opportunities, which support their academic pursuits. As part of our physical education program, disc golf has been the perfect option for students who want to participate in sports for social and kinesthetic reasons, but shy away from highly competitive, large group sports like soccer and ultimate Frisbee. Disc golf combines physical strength, muscle control and throwing skill, and teaches students to take turns and be aware of their surroundings (a.k.a. flying discs).

Thanks to your donation of discs, many of them very suitable to kids (putters, mid-range fliers) we will be able to complete our 9-hole course and offer the game to many students. In addition, we are planning to hold tournaments for junior disc golfers once our course is finished. NEFA's name will be proudly recognized at these tournaments, and we may be contacting you in the future to ask for continued sponsorship for these events. Thank you,

Chris Sanborn 5/6 Classroom Teacher Greenfield Center School 71 Montague City Road Greenfield, MA 01301 (413) 773-1700

NEFA Historical Highlights

Part I, The Early Years by Steve Hartwell

The idea for a regional organization was hatched by Edwin "Stick" Dissossway, Theo "Sunny" Cade and others in the late 1980s, to unify various groups of frisbee players in Boston, central Massachusetts and Connecticut. A central

A scenic water hole at Bird Park

mailing list was appealing, as well as strength in numbers, and a desire by all to increase play and grow the tournament scene in New England, especially disc golf. The acronym NEFA sounded just right for the newly formed New England Frisbee Association (it was later changed to "Flying Disc" with a potential Wham-O lawsuit pending), and the first NEFA officers were Steve Hartwell, President; Rick Willams, Vice President; Theo "Sunny" Cade, Secretary; Jason Southwick, Database Manager; and Toddy Brodeur, Treasurer. Dues were set at \$10, with a special juniors rate of \$3.50 for those 16 and under.

In the 1980s, there were only a handful of disc golf courses with permanent poleholes in New England. Steve & Joy Hartwell used to drive 2.5 hours from North Reading to play an occasional \$3 round at the Oak 'n Spruce Resort in South Lee, MA. During one visit, they discovered that the course was being dismantled to make room for more condos; they went back and raised \$600 to buy the 18 poleholes and signs outright. With the help of Greg Black and a Ryder truck, they hauled the metal back to Greg's house for safekeeping. NEFA tournament directors then used the hardware for temporary courses for tournaments. In Massachusetts, Bird Park in Walpole, and Borderland State Park in Sharon were popular venues, and T.M. Dyer hosted many a great event at Miantanomi Park in Newport, Rhode Island. It was hard work to host a disc golf tournament this way, with trailers needed to haul the baskets (NEFA would

GRIPLOCK

DISC - THERAPY

eventually buy a trailer which was maintained by T.M.) and a crew needed to plant the poleholes in the morning and take them down in the evening.

The first NEFA-sponsored event was the "Dave Johnson is Getting Married" tournament on Saturday, June 25, 1988, two rounds of 18 holes of disc golf at Bird Park in Walpole, MA. 44 people attended, including 6 women. In Open, Joe "Lick Me" Proud was victorious over D.J. by 10 strokes (but he got married anyway), and in the Women's division, Lick's wife Mary beat Tina Booth and Joy Hartwell by 8 strokes. Several other events were contested, including padiddle battle and grape TRC, but unfortunately the results are not known.

A masterful Harvey Brandt at the WAAF Summer Fling

A popular NEFA hangout in those days was Sunny Cade's house in Princeton, MA. He welcomed disc players young and old to play his hilly backyard course on homemade baskets, and his living room, with a picture window view of the course, was the site of early NEFA meetings.

Sunny was tough to beat on his home course, which grew in length and peril over the years. Sunny also ran frisbee demos at Wachusett Mountain, where he worked as a ski instructor (he tried very hard to establish a permanent disc golf course at the mountain, but was unsuccessful). When he and his wife Jude left the area in the mid-1990s, Sunny donated his baskets to the public Goodnow Park adjacent to his land for a permanent course.

Another early NEFA mover and shaker was Greg Black, TD extraordinaire. Greg started the Massachusetts State Championships tradition, using Bird Park, Borderland and other venues to host 3-event tournaments of disc golf, freestyle, and another event such as DDC or MTA. Everyone stayed around for Greg's award ceremonies; his creative trophies and emcee ability were unmatched.

The NEFA News began publication in 1988 as the front and back side of one sheet of paper. Stick Dissossway, Steve & Joy Hartwell and Sunny Cade all had stints at editing those early classics. Issues 5 thru 8 were fabulous in layout and design, as they were produced by graphic artist Alan Caplin, Rick Williams' freestyle partner. A popular ad that appeared in many early NEFA News' trumpeted "Who Says Frisbee Champions Don't Come From New England?" and then listing Jim Herrick from Wellesley, MA as the 1988 U.S. Open winner and Shawn Kennedy, son of Phil, as the 1988 World Junior Champion

A memorable event of 1989 was Jason Southwick's birthing of the Pyramids disc golf course in his parents' back yard. Jason named his course from the affinity he had developed for unpaid Egyptian laborers, but his work was rewarded with a scenic

A Greg Black awards ceremony

masterpiece of tree-filled terror on 25 acres. In its beginnings, the course had eight borrowed NEFA poleholes, eight taped tree targets, a ceramic chimney liner and an accuracy hoop (on the longest hole of 395 feet) for targets. Jason held his first tournament at Pyramids that June in which Toddy Brodeur beat a field of 22 with a +5 over two rounds.

The WAAF Summer Fling was NEFA's first foray into sponsored events, and what an amazing spectacle it was. The Worcester radio station wound up hosting the event at Hopkinton State Park largely through the efforts of Sunny Cade and Greg Black. Over 100 participants were treated to a disc golf, MTA and Freestyle tournament, complete with live disc jockeys and amazing prizes like a \$600 Panasonic car stereo, \$200 gift certificates to EMS, Gatorade coolers and plenty of WAAF tee shirts and frisbees. Harvey Brandt won the overall grand prize of an all expense paid trip to the 1990 US Flying Disc Open in California.

If someone winds me up again, I can expound upon the Later Early NEFA Years, but for now, we'll end this 15+ year-old chapter of NEFA history.

Earl Cup 2006

by John Hart

On June 24th, the Earl Cup was held on the Beast Course at Enman Field, Brunswick Maine. The Earl Cup is a yearly event that pits the best of NEFA against the best of Maine including a few out-of-state Maine regulars. Created by Bob Enman 10 years ago in honor of his father Earl, it has become the Ryder Cup of New England Disc Golf. The teams consist of 12 players and the format is 3 rounds of match play in one day.

Team NEFA and The Pilots of Maine 2006 Earl Cup

NEFA has held a decisive edge the last few years, but this year shaped up to be a little different with top players on both sides unable to make it. This year's teams turned out to be much more diverse with a mix of just about all divisions being represented. After some last minute scrambling NEFA showed up Saturday morning at Enman Field with a full team raring to go, on what was expected to a rain filled day.

The pairings were matched up back and forth between John Hart & Bob Enman, and the groups were sent out from hole 1 to begin the day. Playing through just some light rain at first, it slowly stopped raining and remained overcast but relatively dry for the remainder of the day. As the first round ended and groups were coming in off of 17 & 18, it was apparent that each team had some victories. After the first round it was 3 1/2 for the Pilots of Maine and 2 1/2 for NEFA.

A great lunch of Maine crabmeat, clam chowder, burgers, beer and other compliments were served up by our host Bob Enman. Then it was out for round 2 and with a few tweaks to the teams, the pairings were matched up again and we were off. As we came in from the hard fought second round, it slowly became apparent that team NEFA was in trouble. The Pilots nearly shut us out, with only the team of Norm Fitzgerald and Todd Lapham pulling out a tie for half a point. The totals after 2 rounds were 9 for the Pilots of Maine and 3 for NEFA.

The bar had been set and team NEFA knew we had to pull out 9 of the 12 matches to just pull even and hold onto the Cup. Players names were thrown out and matched up and we started out on hole 1. In the final round, the Maine Pilots proved to be more consistent and showed better play. In the end, it was the Maine team gaining 9 points in the singles round, and leaving no doubt about their win. Final score: 18-6, Maine Pilots take it. Scott Mallar, Derek Libby and Mike Connell went a perfect 3-0 for the day. Congrats to the Maine team, but we'll get it back next year when it's our turn to host the event.

Signature Hole Series

We want you! To nominate a picture of your favorite golf hole. This episodes decision was easy because no one knew about the contest, and Steve Dodge just snuck this gorgeous picture of Maple Hill Elements' Hole 4.

This is a 234 foot shot with an elevation drop of about 35 feet. The fairway is about 6 to 10 feet wide. A putter will reach it with a nice easy glide. Or you could just throw a driver as hard as you can (Jason Johnson) and just pray that you aren't accurate (you hit a tree that saves your shot from the pond behind.)

Birdies are common on this tricky par 5. As are double bogeys. Just ask Kevin McCoy. He lost three strokes here at the 2005 MSDGC.

To nominate a hole for the Signature Hole Series, simply email 2 things to John Hart: JCEKHART@aol.com

- 1. one or two 300 dpi photo(s) of the hole.
- 2. a fun description of the hole

We will pick the best nominee and include it in the next issue. Submissions must be sent to John by October 15th.

Earl Cup 2006 - Results

June 24 - Beast

Round 1

Sean Franchi/Mike Laterreur (NEFA) over Bob Enman/Jake Jacobs (Pilots) Kyle Enman/Marielle Powell (Pilots) tied Doug Bechtel/Norm Fitzgerald (NEFA) Josh Connell/Gary Ellsworth (Pilots) over Jerel Davis/Tim Jiardini (NEFA) Jason Johnson/John Hart (NEFA) over Kieran Nichols/Drew Smith (Pilots) Scott Mallar/Derek Libby (Pilots) over Joe Yaskis/Todd Lapham (NEFA) Mike Connell/Tyler Cass (Pilots) over Shaun LaForce/Dave Kurtz (NEFA)

Score = Pilots 3.5, NEFA 2.5

Round 2

Drew Smith/Jake Jacobs (Pilots) over Dave Kurtz/Doug Bechtel (NEFA) Bob Enman/Derek Libby (Pilots) over Sean Franchi/Mike Laterreur (NEFA) Mike Connell/Tyler Cass (Pilots) over Joe Yaskis/Shaun LaForce (NEFA) Kyle Enman/Marielle Powell (Pilots) over Jerel Davis/Tim Jiardini (NEFA) Scott Mallar/Kieran Nichols (Pilots) over Jason Johnson/John Hart (NEFA) Josh Connell/Gary Ellsworth (Pilots) tied Norm Fitzgerald/Todd Lapham (NEFA)

Score = Pilots 9, NEFA 3

Round 3

24

Jake Jacobs (Pilots) tied Sean Franchi (NEFA) Drew Smith (Pilots) over John Hart (NEFA) Todd Lapham (NEFA) over Tyler Cass (Pilots) Bob Enman (Pilots) over Mike Laterreur (NEFA) Mike Connell (Pilots) over Tim Jiardini (NEFA) Gary Ellsworth (Pilots) over Shaun LaForce (NEFA) Doug Bechtel (NEFA) over Marielle Powell (Pilots) Josh Connell (Pilots) tied Dave Kurtz (NEFA) Scott Mallar (Pilots) over Norm Fitzgerald (NEFA) Derek Libby (Pilots) over Joe Yaskis (NEFA) Kieran Nichols (Pilots) over Jerel Davis (NEFA) Kyle Enman (Pilots) over Jason Johnson (NEFA)

Final Score = Pilots 18, NEFA 6

Marshall _____

_____ baby!

This is a paid advertisement. Don't get suckered in to thinking NEFA put this here.

Course Challenge Throw Down the Gauntlet!

It started on the NEFA Discussion page as an idea by Joe Yaskis and it didn't take long before the idea became a reality. A course vs course challenge whereby any course in NEFAland is invited to form a team of their best players and compete against teams from other courses. The proposition drew swift and enthusiastic feedback online, and soon after, an official Team Challenge meeting was organized last September at the Pyramids DGC to discuss the details. Representatives from 6 courses (Maple Hill, Buffumville, Burgess, Borderlands, Wickham Park and Pye Brook) attended the meeting and proceeded to hash things out. Each course rep drew random numbered tags from a bag to establish team rankings and rules were presented for discussion. After the random tag draw, the rankings for the first season were set: (1) Wickham Park, (2) Buffumville DGC, (3)Borderland State Park, (4) Burgess Park, (5) Pye Brook DGC, (6) Maple Hill DGC.

The ground rules are as follows: Each participating course can have up to 10 players on their roster, 6 of whom are eligible to play on challenge days (it was agreed that Sundays would be ideal for all challenges). A \$100 entry fee is required for each participating team (\$10 per player) and this money goes towards a season ending party and Team Challenge trophy (the nature of which has not yet been decided). The challenge format consists of 2 rounds (first round singles match play-1 point each and second round best disc doubles - 2 points each). The team with the highest number of points at the end of the day wins the challenge. Ties are settled with either a CTP throwoff or extra holes are played until a winner is established. Teams must accept and/or issue at least one challenge per month and the team with the higher ranking always plays host. If the host team loses, they switch tags with the visiting team, and if the host team wins, the tags stay the same

Once the official rules were posted on nefa.com, it didn't take long for the challenges to start popping up. The first round had Borderland hosting Pye Brook, Burgess hosting Maple Hill and Wickham hosting Buffumville. The challenges in week one were very tight, yet after all was said and done, the home teams made a clean sweep to defend their respective courses. A deluge of friendly and not so friendly internet smack

talk preceded the second round of challenges, coupled with heated debate over some rules of play and overall challenge format. Suggestions for rule changes poured in and many valid points were made; however, it was decided that we would stick with the rules already agreed upon from the meeting and play out the season as a trial run.

As expected, the home teams dominated early on, until team Buffum-ville broke the visiting team losing streak by taking out #1 team Wickham at Panthorn Park (Wickham's alternate winter home course). A couple of months after losing their #1 status, team Wick showed some serious resolve and reclaimed the #1 tag by defeating Buffumville on the road. While these road wins gave the rest of us hope, the majority of challenges thus far have gone in favor of the home team. Home course advantage is a tough thing to overcome if you're the visiting team, but comfort should be taken in the knowledge that thus far in the Team Challenge, teams have pulled it off on the road and there's still plenty of time left before the first season comes to an end in Sept.06.

Despite some of the shortcomings and scheduling issues that have arisen out of this inaugural Team Challenge season, it has some serious potential to take off. A palpable sense of camaraderie and enthusiasm is growing amongst the participants before and after each challenge. Displays of hospitality abound: Team Borderland had a BBQ cookout lunch between rounds when they hosted Pye Brook. Team Wickham showed Team Burgess the meaning of hospitality when they hosted us at Panthorn with coffee and doughnuts in the morning and a fine selection of microbrews throughout the day. Detailed challenge results are posted on nefa. com, usually the next day. The spirit of the Team Challenge is highly competitive, but the name of the game is fun.

Many suggestions have been made on how to improve next year's Team Challenge to enhance competitive play and make it more inclusive. The establishment of regional divisions could help to cut down on driving times, which subsequently, may induce more teams to formulate and join up. Rankings based on season ending win/loss records instead of random tags; a minimum of at least one home game and one away game for each participating team, to level the playing field. In my humble opinion, the greatest aspect of the Team Challenge is the plethora of ideas and suggestions brought about by the participants themselves...without constant input and feedback; it's still just an idea waiting to become a reality. So gather up your mates, form a team and throw down the gauntlet!

Tully Lake Dam Update

The Tully Lake Disc Golf Course is another New England course located on an Army Corps of Engineers (ACOE) dam project site. It is located in the extremely rural town of Royalston in north central Massachusetts, just north of Athol on Route 32.

The course was initially established back in 2004, when Andy Bockus designed and installed 9 holes as part of his Boy Scout Eagle Project with the assistance of the ACOE Rangers at Tully Lake. The course has had some local play over the last 2 years, but a move to 18 holes was sure to bring more interest. Early this summer that move was made when Andy's brother Scott took on the second 9 as part of his Eagle Scout project. The course is now a 5943 foot 18 hole course with all the Innova Disc-Catcher baskets and nice tee signs.

A clickable online course map lets you get a feel for how the course will play. There is also a PDF scorecard so you can predict how well you'll do.

http://www.nae.usace.army.mil/recreati/tul/tulrec12.htm

continued next page

This entire Disc Golf Project at Tully Lake has also been largely due to the efforts of the ACOE and James West in particular. The rangers at Tully Lake have been behind the project all the way and have done a great job working with the Boy Scouts in regards to design, construction and on going promotion and maintenance. They deserve our thanks. NEFA did sponsor this course \$400 to aid in the purchase of the Disc-Catcher baskets.

The expansion to 18 holes utilized the entire existing 9 holes, with the only alteration to date being the relocation of the old #6 tee, now #15. Eight of the new nine holes are located in the woods. The lone non wooded hole is a great par 4 which starts at the base of the spillway with your tee shot going up over the spillway wall and fence to a flat fairway. The second shot will require you to navigate a couple large evergreens down the fairway to the basket.

nal 9 features a wide variety of shots including a few open holes. Hole #1 plays down off the top of the dam to a basket located 364 feet away and about 30 feet from the lake. It is similar to hole 16 at Buffumville, only reversed, with the lake on the left. Scorecards can generally be found in a box on the post of Tee Sign #1.

The other new holes are a good mix of wooded fairways with varying lengths and elevation changes, including a variety of right, left and straight holes. Four of the new holes are located on the west side of Route 32. All in all, it is a very challenging course that plays well, but does need some work as all new courses do. Keep an eye out for work days and play days as this course evolves. Thanks to all those that have contributed to this courses development to date.
