NEFA News

the New England Flying Disc Association Newsletter

NEFA News is published quarterly by the New England Flying Disc Association (NEFA) and is designed to provide information to its members and promote interest in disc play. The subscription rate, including NEFA membership, is \$10.00 per year.

Any submissions—as in articles, letters, fiction, graphics, illustrations, cartoons, etc.—are welcome. The deadline for submissions is generally two weeks after the quarterly Board meetings. Please include a SASE if you wish to have materials returned or they become property of NEFA News. We reserve the right to print, edit or reject any submissions. Opinions expressed do not necessarily reflect those of the NEFA News staff nor the NEFA Officers.

Send materials to :

Greetings disc people of New England. Thank you for electing me president for the '95 season. I'd like to thank T.M. Dyer for his 2 years of service and devoting countless hours working hard promoting disc and running tournaments. Cooperation and communication are key to all successful relationships. Disc sports are our recreation and we should be enjoying the experience and having fun together and with the competition. Tournaments are not about winning or losing or your score, they're about getting together and playing. See you on the fly. Toddy

Congrats and Thanks

Congratulations go to Toddy Brodeur for winning the NEFA Presidential race. I wish to extend my thanks to my supporters. I am also grateful to those who over the past two years of my being president have put forth their time and energies to keep this small organization going. There are so many times that your "LIFE" gets in the way of the things that we want to do. Thanks to all those who make the time. If you have the time, volunteer and make a difference. I believe that this sport is reaching a critical mass and in the near future we shall see it begin to spread at breakneck speed. With this new influx of players, we must have a system in place for them to know what is happening in their area and give each of them the opportunity to become involved by running a tournament, finding a new spot to set up a pole hole course for the rest of us to play, or becoming involved with the promotion of this sport through our organization.

I believe that NEFA should continue to be an umbrella organization for the varied small groups throughout New England that play imaginary courses just down the street from their homes. That if you don't know which tree to stand next to you will not find the course. More than one of these groups has convinced their local municipalities to give them space in public parks for

permanent Disc Golf Pole Hole Courses. Over the past two years we as an organization have matured and are coming around as a model for other clubs around the world to follow our example. We started holding Regular quarterly Board meetings and newsletters. We have published the minutes of these meetings along with financial reports. What follows is a synopsis of my own choosing of a small portion of what happens at these meetings. My intention is to show some continuity of effort against the time line and how long it takes to accomplish what may seem to be an easy and obvious thing.

This is a quote from the December 1992 NEFA News #19 Presidents Hole: "I feel that NEFA must promote disc sports in regards to all players' needs. I feel that NEFA should be structured to benefit all players but especially the hard core, long standing, and active members. Through a player oriented organization I feel membership will increase." From the minutes of the same newsletter, Trailer and Pole Holes were purchased. It was proposed that we update the pole holes with extra chains. Issue #20 March 1993: Trailer mechanically and structurally overhauled. NEFA Sponsorship criteria and rules for Rental of Trailer and Pole Holes accepted as presented. Issue #21 June 1993: Trailer freshly painted and ready for the road. Issue #23 December 1993: Motion made to add second set of chains and fix

baskets so disc can't fall through on the pole hole set owned by NEFA. Issue #24 Spring 1994 Board Meeting Minutes 2/3/94: Seeking bids for chain and steel to convert pole holes to Mach II style. Issue #25 Summer 1994 Board Meeting Minutes 5/3/94: Roy Doar has put forth that he can convert the pole holes at a cost of approximately \$20.00 each. Issue #26 Fall 1994 Board Meeting Minutes 8/3/94: Roy Doar given the cash to go ahead and convert three pole holes. Issue #27 Winter 1994 Board Meeting Minutes 11/3/94: Roy Doar has converted eight of the pole holes and has the stock to finish converting the rest, already sized and paid for. Some of the funds to purchase this stock were donated by the players winning cash at the New Hampshire States. It was proposed that we look into having magnetic numbers made up for the pole holes. I will be completing the conversions on the rest of the set before the R.I. States. So after April 29, 1995 the NEFA pole holes will all have a double set of chains and the disc will not fall through the baskets. I am sure that NEFA is the only organization with a mobile set of pole holes that can be rented for an event for a mere \$25.00.

T.M. Dyer

Hi, NEFA Contingent!

I just wanted to drop a quick note along with my 1995 dues and 1995 NEFA ballot. Things in the Phoenix metropolitan area are fine and

always conducive for active disc play throughout the year! As you might already know, the 1994 AZ State Championships were a big success and I was really happy to see two representatives from NEFA traveling from the east to attend this overall event. Next year I will be directing this event again and things should be bigger and better for the 20th Annual AZ State Championships. I urge those in NEFA looking for a change of pace, to come out in Nov. to celebrate this enduring state championships. Ask Rick Williams or Jeff O'Brien for more info. regarding the tournament, I'm sure they'll be back! Good Luck & Keep NEFA Spinning!!

Good Luck to NEFA and the officers of NEFA in the 1995 Season!

With spin,

Judy Robbins

Dear Folks,

It was comforting to read NEFA News and see a mention of my having moved away from the cozy confines of the east coast disc scene. I must say also that whoever wrote about my "helping out" at tourneys, was kind enough to forget how much of a pain-in-the-butt I could also make of myself. I hope that I was always trying to make things work better. Admittedly, it might not have seemed that way to tourney directors all the time. If I got in the way, my sincerest apolo-

gies. You will be happy to hear that I was one of the organizers of the recent Arizona State Overall event and spent time on the other side of complaints.

After reading Carl's letter about how the sport has helped him through much strife, I want to fill in my NEFA friends on how it goes in the desert and the circumstances of my coast to coast odyssey. Most folks are probably aware that I moved to the east coast to be near my mother, and my family, during the time my mom was dying of pancreatic cancer.

While I like much about AZ, I had more reasons to return than just the weather. Few people know that the primary reason was having to be some sort of a father to a child. Strange, but yes, very true. Fortunately, she is loved by many and has a very good place in the world. Despite the fact that I never wanted children in my life, sometimes things just happen and you gotta roll with it.

Needless to say, my life is just a little topsy-turvy (a great phrase, eh?). Frisbee is about the only thing giving it any stability, and that, just barely. I really had a great time in the NEFA fold and regretted having to leave. I am (probably) including \$10 so I can keep track of Jeff and the quest by the rest of you to keep after him. I am not so certain that he hasn't been the best disc player in CT for quite some time now, like

several years. If I pay up, Rick Williams has to include some other people in his write-ups of tourney results, even if they live in AZ.

To the previously mentioned pair of players - thanks for coming out for our tourney. Hope you enjoyed the fabulous weather and great field of participants. Spread the word for next year, it will be our 20th annual. See you all in Virginia.

Harvey Brandt

Disc Golf and Littering

There is way too much litter on our Disc Golf courses in New England. Although much of the litter is from people who aren't disc golfers, the sad fact is that much of it is from us. I've seen it happen. At Normandy Farms, there are trash barrels on many of the tees, but bottles, cans, and cigarette butts are found all over the course. At Burgess Park, even though drinking is prohibited, beer bottles are left everywhere, even in and on top of the Poleholes. At Miantonomi Park, tournament players are asked to pick up some trash during the tournament. It's a good idea, but compliance is poor. There is a course in New Jersey which asks that golfers pick up one piece of trash per round, as a kind of "greens fee", but there is no enforcement. It's in our interest to keep our courses clean, and this means that disc golfers

Welcome to NEFA Forum!

This is the first edition of a new feature in NEFA News. In each newsletter the NEFA Forum will present a topic. The topic can come from anyone. Topics can be mailed to the NEFA PO box, presented to a NEFA officer over the phone, or in person. Discussion of topics will be included in the NEFA Forum and continue at an Open NEFA Meeting. Open NEFA Meetings will take place at various announced events. These meetings will be brief and will give an opportunity for players to interactively discuss the topics. The first Open NEFA Forum meeting will be May 13 at the Normandy Farms Spring Fling. Bring your ideas. The topic for the first NEFA Forum is presented by the NEFA Officers.

What do you think of the NEFA Tournament Format?

Events—How many per tournament? Which ones? Variations on existing events? Other ideas?

Schedule—Start time? End time? Order of events during the day?

Divisions—Are there too many? Too few? Add new ones? Change the existing ones?

Prizes—Should we play for cash? Are awards needed? What's appropriate?

Other? Are there other aspects of tournament formats you would like to discuss?

Feel free to write, call, or talk to one of the NEFA officers expressing your concerns. Discussion of Tournament Format will appear in the next NEFA News issue.

NEFA Officers

Littering continued from page 6

should never litter any course. It's also a good idea for us to pick up other people's trash, as unpleasant as that may be. A clean course is a course that reflects well on the sport of Disc Golf. I think that all Disc Golfers should resolve not to trash

our courses anymore. We should realize that even small things stuff like bottle tops and cigarette filters are still trash. A clean course is more fun, you never know what your disc may land in!

Mark Mudgett

Minutes of Officers Meeting: March 20, 1995**NEFA Officers**

Newly elected NEFA president Todd Brodeur, vice president Steve Hartwell, and secretary/treasurer Rick Williams are the NEFA officers for 1995, until the next election in January, 1996. It was decided that these three officers would continue to meet regularly to conduct the business of the organization, and that the NEFA Forum (see below) would take the place of the previous open board meetings.

NEFA Points

After lengthy discussion, it was decided to drop the tallying of NEFA Points for 1995. The problems of golf division changes, tournament attendance, and labor of recording were cited.

State Tournaments

The Overall State Tournament Series will continue, with the goal this year to have all six New England States participating. Format for each tournament will be at least three events among Golf, Freestyle, Double Disc Court, Accuracy, Distance, Self Caught Flight and Discathon. An overall New England Championships is also desired at the culmination of the season. So far, Rhode Island will run April 29, Maine on June 24, Connecticut on July 22, Vermont in July or August, Massachusetts on August 19, New Hampshire in September, and New England in late September or October. NEFA will contribute equipment and organizational help; \$2 from each entry fee will help raise money for the treasury.

The NEFA Forum

The officers felt that a NEFA Forum should be help the flow of communication throughout the organization. Issues such as tournament format, PDGA involvement, NEFA points, etc., will be posted in the NEFA News (see page xx) for response by members, and then further discussed at certain upcoming tournaments to be announced, most likely at mid-day during a lunch break. NEFA members are always encouraged to contact any officer with questions, feedback, and suggestions for the organization.

World's Biggest Disc Golf Weekend

The World's Biggest Disc Golf Weekend will be held this year on May 6 at the following New England sites:

(6th & 7th) Blue Hills Ski Area, Milton, MA, Toddy Brodeur
(508) 376-8708

Burgess Park, Marstons Mills MA, Lev Malakhoff (508) 771-4619

Miantanomi Park, Newport RI, T.M. Dyer (401) 846-3236

Willowbrook Farms, South Windham CT, Brian Traichel
(203) 228-9707

Equipment Purchases

The officers agreed in principle to purchase the following equipment this year for use by tournament directors at NEFA sponsored tournaments:

Two accuracy targets

Two additional DDC courts (total of four)

Three stopwatches

Six premium golf discs for ace awards

18 magnetic number plates for the traveling poleholes to help identify hole numbers.

Bids are being sought for many of these items: interested parties should contact Rick Williams.

Finances

The Treasury balance as of March 20 was \$1,377.27.

Membership

As of 3/20, there were 83 members paid up thru 1995, with an additional 57 thru 1994.

1994 NEFA Financial Report Income/Expenses

Income	Amount	% of Total	Expenses	Amount	% of Total
Membership	\$1040.00	50.5%	Newsletter	\$1232.91	68.6%
Tournaments	\$ 919.50	44.6%	Equipment	\$ 165.00	9.2%
Sales	\$ 100.00	4.9%	Office	\$ 398.86	22.2%

Total Income \$2059.50 Total Expenses \$1796.77

Total Income - Total Expenses = \$ 262.73

Checking Account Balance

December 31, 1994 \$1198.91

Footnotes:

Membership includes renewal and new members.

Tournaments include state tournament player contributions, Pole Hole rentals, and the NEFA Fund-raiser, minus NEFA Fund-raiser expenses.

Sales include shirts, sweatshirts, tank tops, visors, minis, and special order newsletters. Newsletter includes printing, labels, and postage.

Equipment includes NEFA trailer maintenance and Pole Hole chain purchase.

Office includes PO Box fee, bank service charges, postcard mailings, labels for tournament mailings, address stampers, NEFA mini disc order, and miscellaneous postage, minus checking account interest.

Rick Williams, NEFA Treasurer

Transitions

The freestyle group, Bostyle, says good-bye and good luck to two of its members who are traveling abroad. **Clem Gilbert** has moved to Melbourne, Australia for at least one year to work in computer software. The international world of finance has taken **Cliff Raskind** to Caracas, Venezuela.

How to Get Yourself *Really* Committed to Disc Golf

by Dave Johnson (with inspiration from Theo "Sunny" Cade!)

-If you've injured yourself trying to bend, fold, spindle or mutilate a Mach-3 Disc Pole Hole after missing that crucial putt-you're playing too much disc golf.

-If you've retro-fitted your canine with a complete set of human false teeth so it's less able to put bite marks in your favorite discs- you're playing too much disc golf.

-If you've gotten to the point where you're using a Pullman Trunk for a disc golf bag- you're playing too much disc golf.

-If you're practice putting at your wife or significant other's butt, *and* this is hurting your relationship- you're playing too much disc golf.

Of course, you just want to play more! Now in the latest of our occasional series, *The Inner Game of Folf*, we present for the first time to players, our exclusive 12 step self-help program. It's guaranteed to help those of us who have taken our games a step too far, to continue right over the edge! In fact, thousands of golfers nation wide using our method have successfully gotten themselves committed. Places with names like "Shady Acres", and "Happy Hollow" have wonderful grounds begging for course design. Just put on a happy face when they give you your daily horse pill, and go out and play-all day, every day! Here's our guarantee. If you're not certifiable within 60 days after starting our program, we'll come drive you crazy ourselves.

12 Steps to Get You Committed

1. Recognize a higher power. Start a spam cult. When you get it rolling, begin a broadcast ministry. Call it C-Spam. Guaranteed to bring the men in white coats right to your door.

2. Live one day at a time. For instance, make it be Halloween every day. Put on a Lorena Bobbitt mask and hold out a trick or treat bag to your boss. When he won't give you a raise, drape him in toilet paper. Ha! Ha!

3. Become your own best friends. Next time you're out having a good time, unleash your multiple personalities. You'll become the lives of the party. When they come to take you all away, tell the state it can save money by just institutionalizing one of you. Make sure it's the one that loves disc golf.

4. Initiate your own personal contract with America. Every time you see Newt Gingrich on television, yell "Godzilla! Godzilla!" Nobody'll get it, but it'll get you committed.

5. Demonstrate community initiative. Submit a detailed proposal to your local recreation department for a disc golf course right down the middle of Main Street.

6. Throw your weight around. Impress everybody in your foursome by being the first to drive with a man hole cover.

7. Think positively. Put a little life into your next party by inviting Dr. Jack Kevorkian.

8. Become a venture capitalist. Melt down and remold all your old discs, and hold counterfeit tupperware parties.

9. Stop being a victim. Go out and abduct an alien. Tell it you're a disc collector.

10. Elevate your self esteem. Insist that since you walk on water, the disc you just threw in shouldn't be ruled O.B., and they better stop clucking at you right now!

11. Be Somebody! At the next Billy Graham Revival, grab the microphone away, announce you're the devil, and lead the crowd in a singalong to Barry Manilow's greatest hits.

12. Look on the bright side of things. People will *really* think you're crazy!

There you have it! When you've successfully completed our twelve step program, we'll send you an official looking certificate that says "Kick Me!" in Latin, good for admission to the institute of your choice. (But, don't worry-you'll already be there). See you in (pole hole) basket weaving 101!

Disc Golf the "B.C." Way

Out one night with a bunch of the guys, we found ourselves pondering over our last disc game while anticipating our next. As much as we are avid disc players, as with any hobby, you look for a new twist to add for that little bit of extra excitement. We tossed around a few ideas and found ourselves coming up with some pretty good ones. One in particular the whole crew seemed to really go for has been declared "B.C. Disc". After trying it out on the course, we decided to involve this new idea with the rest of the disc family.

It's really very simple and here's how it goes:

For two or more players.

1. Warm up with a competitive 18 holes of singles.

2. At the start of the second round, have all participating players put one of their discs into an empty disc bag.

3. All players draw out a disc.

4. Whatever disc you draw is what/who's bag you play out of. (You cannot use your own discs) **

5. All other Disc Golf rules apply.

** There is no coaching on the flight of your disc, i.e. understable, overstable, etc.

We have found that this not only adds a new twist to the game, but also gives a player an opportunity to try out a new disc.

All of us here in Franklin, MA. invite you to play Disc Golf the "B.C." way!!

HAPPY DISCING!

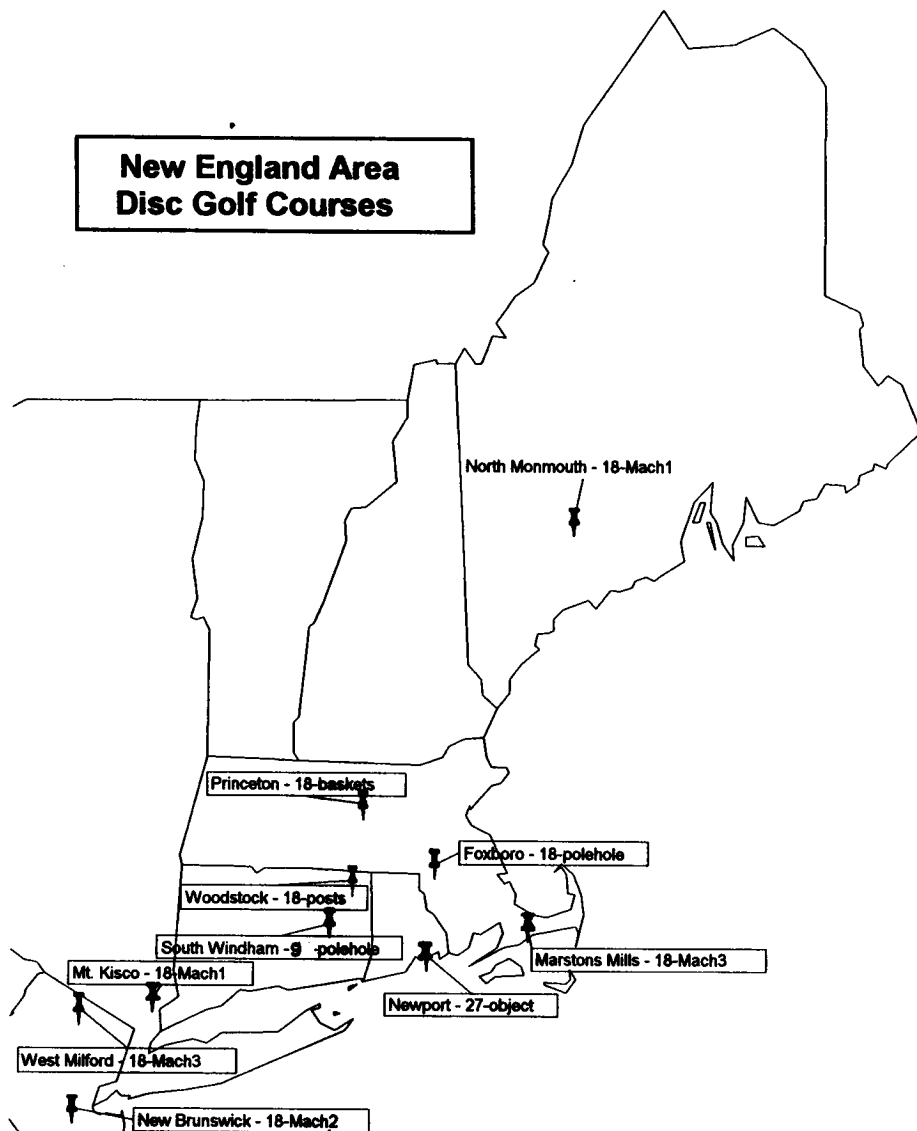

Brian Chassie

Frostbite Open

The Sixth Annual Frostbite Open

Saturday, January 21, 1995

Miantonomi Park

Newport, RI

by T.M. Dyer

Two rounds of 27 different holes. Everyone played from the same tees. The targets were all rock rings, except for three pole holes and the Tree Basket where you must finish in the crotch of the tree. Rock rings are a group of rocks that are in a circle on the ground. Some are hardly bigger than most putters and others are rather generous in their disc catching. However the disc must touch the ground in the middle, if it is lofted and not touching it is not in and another stroke is incurred to finish the hole. There were orange bike flags marking a majority of the rock rings and when putting it was the players choice to either leave the pin flag in or have it removed.

Twenty-six players attended expecting to play in heavy rain that had been falling for a couple of days and was forecast for this day too. But we did not get the opportunity to play in our rubber suits. The day was overcast and there were only mild winds and a balmy 40-45 degrees. The tee surfaces were soft but not too gooeey. Par for the course was 81 with the closest score being an 87 which Doug Russell carded in the first round to establish the pace. At the end of round two Dave Johnson was tied with Doug at 181, (+19). There was a playoff on hole 1 at the Frozen Fruits and Doug Russell was the victor. Also Tom Whiffen was close behind with a 182 in third place. Lunch was going well except for some of the bowls had dish soap on them. This put a little damper on most appetites for the soup that we had prepared. Still the whole adventure has many fond memories and we will have this event next year again and we hope to tie this into the winter festival held here in Newport at the end of January. Thanks to all who took some time to help pick up some of the trash. And much thanks to the Marauders who helped with this event both through participation and preparation. I had a lot of fun and I believe that so did everyone else. Also John Affonso proved, yet again, why he's the Lumber Jack.

NE Indoor Freestyle

New England Indoor Freestyle Tournament

Saturday, February 4, 1995

Milford, MA

by Toddy Brodeur

On Feb. 4, NEFA held the first Freestyle Players Association (FPA) sanctioned event and used the new FPA judging system at 'The Bubble' in Milford, MA. The hardcore jammers of the region did what they had to and made this event what it was. Media man Steve Scannell with help from Phyllis sent 41 press releases out, and were spotted and heard throughout the week.

In the freestyle competition Rick Williams and Steve Scannell showed what crispy seasoned veterans can do on a snowy Saturday afternoon. Playing to some heavy R & B tunes they went dropless for at least 2 minutes and went on to win execution. With a sharp routine they finished 2nd. Petri Isola and Cliff Raskin pushed the difficulty envelope to the limit with very intricate coops using 2 discs symo and many double spinning moves to difficult catches. They ended up 3rd. Winning the event with Ren & Stumpy matching "Happy Happy Joy Joy" T-shirts and music opening was Jeff O'Brien and Carl Emerson. They dazzled the crowd with speed flow into flowing passes and their signature indo moves. They showed difficulty and originality to take 1st place. The is Carl's 1st Freestyle title after many 2nds. You could tell they put the time in practicing this routine. That's right, Jeff practices freestyle, not just disc golf. But he's good at both.

New England Indoor Freestyle Championships
Milford, MA
February 4, 1994

Open Freestyle

Place	Team
1	Carl Emerson and Jeff O'Brien
2	Steve Scannell and Rick Williams
3	Cliff Raskind and Petri Isola
4	Tim Brodeur and Toddy Brodeur

My Aunt Don't Know Me Skins Match II

Saturday, December 10, 1994

Miantonomi Park

Newport, RI

by T.M. Dyer

Twenty holes, 25 cents a hole, one round, you pick the holes from your group. He who has honors picks the tee location and the hole you are playing. Twelve people came to play. We split into two groups and played. Everyone paid \$10.00 for a choice new golf disc and your money in the skins pot. After we had finished playing skins we got together and picked up trash in the front of the park before skins were paid out. Some were shut out and others won. I don't remember anybody really winning tons of skins all to themselves. It was a bright sunny day with a steady 10 mile an hour wind and the temperature was between 45-50 degrees. The tee surfaces were very firm. There were a few impromptu rounds of disc golf and some more skins played casually after this event. Peter Anderson was the only person who came from off the Island.

Pool A	Pool B
Mike Klassner	Ken Miller
John Affonso	Jason Tertinek
Jim Malone	Jeff Hayward
Peter Anderson	Harry Graham
Bob DeCosta	Jeff Walker

NEFA Fund Raiser

Burgess Park, Marstons Mills, MA

Saturday, November 19, 1994

by T.M. Dyer

This fund raiser was a great success in that we actually made some profit for NEFA. We must thank the members of the CAPED COD FISH GOLF ASSC., for allowing us to use their facility and clearing it with all of the appropriate authorities. They have offered to let us use these facilities again next year. To Nancy, Lev, and Lindsey we owe you our deepest thanks for all of your efforts in making a Mach III course a reality in the New England area. This great course is short and tricky and it is a lot of fun to play. It can be played in an hour without even any hustle. If you are in Cape Cod, you should swing by this course and throw some discs. It is well worth the time.

Caped Cod Fish Golf Association

Lev Malakhoff 508-771-4619

Check out Wednesday night Equalizer League.

Miantonomi Marauders

TM Dyer 401-846-3236

Invite one and all to play any Sunday at 2pm, weather or not! Skins 20 hole 25¢ per hole. Dog golf rules! Come and see how much fun disc golf can really be.

Normandy Farms Golf League

Matt Allen 508-376-0815

Wednesday evening league for anyone that can make it. Not necessary to be there every Wednesday. Normandy is open most of the year with 18 pole holes. Set in a campground where there is a fee for admission but many facilities are available. In 1995, a one-day golf pass is \$7; it's \$40 for the season. The course is under repair during the month of April.

Roseland Lake Park • Woodstock, CT

Carl Emerson 203-928-1363

Connecticut's first permanent disc golf course. 18 hole course with posts for holes. Set in the woods and small fields around Roseland Lake Park in the Northeast corner of the state.

Beaver Brook Disc Golf Course • North Monmouth, Maine

Greg Hinkley 207-622-7854

Set in Beaver Brook Campground. Small registration fee at office. Open during the summer only. Short par 2 course with vintage DGA poleholes.. Oldest course in New England.

North Calais Disc Golf Association

Paul Olander 802-456-7465

Green Mountain Golf.

X-streamline Disc Club • Windham, CT

Brian Traichel 203-228-9707

New 9-hole course at Willowbrook Farms! The course has been set up complete with tee markers. At the present time we are not opening the course to the general public, however we invite any NEFA members to come out and get a sneak preview. X-Streamline disc club would like to get more opinions about our course and its layout. Please correspond to X-streamline Disc Club, PO Box 5, Columbia, CT 06237.

If your club is not listed, or if you have updated information about your club, please send it to NEFA News.

'Bee and Ski at Mt. Snow

Mt. Snow, Vermont
January 1&2, 1995
by Toddy Brodeur

On Jan. 2 & 3, for the 6th year, the kind people at Mt. Snow Ski Resort invited the NEFA demo team to conduct demonstrations in flying disc in exchange for lift tix and lodging. This year's team headed up by myself included Rick Williams, Carl Emerson, and Jeff O'Brien. The events were skisbee (throwing and catching a disc while skiing down the hill) a putting contest, indoor Sundance Lodge freestyle, and snow ultimate. The Mt. Snow All Stars ultimate team was defeated by the coed William and Mary college team. The field was complete with snow moguls and a snow cannon blowing the synthetic white stuff in your face. More fun than humans should be allowed to have.

Somber Crowd Ice Bowl '95

Normandy Farms Campground
February 5, 1995
by Mark Mudgett

On February 5, the "Somber Crowd" disc golf club held their first annual Ice Bowl tournament at Normandy Farms. The previous day's snowstorm had left a fresh layer of snow, the temperature fell through the teens to below ten during the tournament, and the northwest wind was gusting to 50 MPH. Perfect weather for an Ice Bowl, with a wind chill of several hundred below zero!

The refreshments on the tenth tee included the traditional ice-cold Winter Lagers, and the trophies were bowls made of solid ice. Out of a field of nine Arctic explorers seeking the North Polehole, brother and sister John and Lisa took the Men's and Women's divisions, while Derek edged out his brother by three strokes for the Junior division.

Caped Cod Tee Sign Design Contest Win \$2 per hole + prizes without even playing!

The Caped Cod Fish Golf Association (CCFGA) is seeking proposals for the design and construction of tee signs to be installed at Burgess Park in Marstons Mills.

Guidelines

1. Hole Map

The proposal should include a sample hole map. The map should be approximately 11"x 17." The tee sign design should include space for the map which identifies the following:

- Hole number
- Distance(s) from tee(s)
- Layout of hole - generally showing the fairway and major trees

2. Bag hanging

The tee sign should be designed to allow golf bags to be hung on it.

3. Cape Cod Character

Designs in harmony with the traditional architecture and/or natural beauty of Cape Cod are encouraged.

4. Dimensions & Construction plans

The proposal should identify dimensions of the finished signs as well as dimensions of material needed in the construction. The proposal should include a description of the method of construction.

5. Security & Durability

The design should allow for the tee sign to be securely installed in the park to prevent theft and resist vandalism. Materials which resist weather should be specified. The Map installation should allow for replacement.

6. Estimated cost of labor & materials

The proposal should include estimates of costs for the necessary materials. If the proposer is willing to construct the tee signs, a cost estimate for labor (and delivery and installation charges, if any) should also be included.

Awards

The selected designer will receive a genuine Caped Cod golf disc and an official 1994 World's Biggest Disc Golf Event sweatshirt - prizes worth \$29. For each of the designer's tee signs installed in the park, CCFGA will award an additional \$2 - a total prize package of \$65!

The winning design will be selected which best meets the above guidelines. Upon selection, the winner will be notified by phone and mail.

SUBMIT ENTRIES TO:
(by May 30, 1995)

"TEE FOR \$2" c/o CCFGA,
149 Richardson Road
Centerville MA 02832

- Or bring your entries to the World's Biggest Disc Golf Event (Saturday - May 6th, 1995), at Burgess Park in Marstons Mills.

Join the New England Flying disc Association (NEFA)
